DEATH OF DR. GUZMAN

SECRETARY OF THE BUREAU OF AMERICAN REPUBLICS.

Former Minister From Nicaragua-Expired at the House Where He Was Visiting.

Dr. Horacio Guzman of No. 1714 I street northwest, secretary of the bureau of American republics, and at one time Nicaraguan minister to the United States, died suddenly yesterday evening at the residence of Mrs. Emily Pike, a clerk in the census office, No. 56 R street northeast, where he was visiting. The cause of death, as stated by Dr. J. D. Bradfield, who was called in to attend Dr. Guzman, was hemorrhage of the stomach, superinduced by cerrhosis of the liver, with which the deceased had been afflicted for several years.

Dr. Guzman called upon Mrs. Pike yesterday morning, and after being at her house a short time, was seized with a vioent attack of coughing. When Mrs. Pike wished to call a physician Dr. Guzman assured her that there was no cause for alarm. Later in the day his condition grew more serious, and Dr. Bradfield was sent for. He found the patient suffering from hemorrhage of the stomach. A second hemorrhage shortly followed, and death re-Dr. Bradfield gave a certificate accordingly, and the remains were taken to Speare's undertaking establishment to be

several years, and recently grew much worse. He was a man of much determination, however, and would never admit that he was in a serious condition. During the past three or four years he had freely used narcotics to secure relief from his sufferings.

His Career.

He was a man of fine appearance and courtly manners and had enjoyed much popularity in Washington. He was about fifty-five years old, and, while a native of Central America, was largely identified with the United States by contact, having been educated here and resided in the states most of his life. He received his 616 12th st. C.A. Muddiman & Co. 1204 G st. states most of his life. He received his early tuition in Massachusetts, afterward graduated from the University of Pennsylvania, and then took a special course in medicine at Yale. He was appointed minister from Nicaragua to the United States in 1889, and served as such for several years. He was also Nicaraguan delegate to the international American conference of 1889-90. He was a thorough scholar in French, Spanish and English literature, and when his term as minister expired these accomplishments were instrumental in securing him the position of translator in the bureau of American republics, as he passed the highest examination in the competition

Dr. Guzman was made secretary of the bureau soon afterward and held that place to the time of his death. When Director Rockhill was sent to China as special commissioner of the government Dr. Guzman was placed in charge of the bureau as acting director, but his poor health prevented his actively performing the duties of the position, which devolved upon Mr. Wm. C. Fox, the chief clerk. Guzman several years ago married

Miss Ewing of Chester, Pa., but recently the couple have not been living together. Funeral Probably Friday.

Arrangements for the funeral have not been completed, but it will probably take place Friday morning and be somewhat official in character on account of Dr. Guzman's long connection with the bureau of American republics. The pallbearers will be Senor Dr. J. B. Calvo, minister from Costa Rica; Judge J. K. McCammon, Dr. Martinez Silva, minister from Colombia; Dr. T. J. Hill, assistant secretary of state: Dr. J. Taber Johnson, and Mr. William C. Fox, acting director of the bureau of American republics. Dr. Calvo, in the absence of the minister from Nicaragua, cabled that government this morning the news of Dr. Guzman's death.

Undoubtedly the most ambitious effort that a Washington theater has made in many seasons is that put forth by the management of the Columbia for a spring and summer series of the musical comedies so suc-cessfully presented at Daly's Theater, New York. The season opens Monday, May 6. These pieces have never been presented at any other prices than those of Daly's Theater, and while the expense of an undertaking of this kind is three or four times that of a dramatic company, the prices are to be cut down to what is termed "popu-The comedy selected for the opening bill is "A Runaway Girl," and while it has been presented here two or three times, it one of those delightful musical creations that never tire. The company will number fifty people, and the chorus is being selected with great care. The management promises one of the best-looking and singing choruses that has appeared in Washington this season. These pieces are to be presented with great care and attention to detail. The scenery and costumes are to be bright and new, and the manage ment promises that in no way will they suffer in comparison with the original presentations of these pieces at Daly's Theater, New York.

Outside of Chase will retain it another week, and it will take second place on the bill. Addithe comparative cost of property, which quires what is best, it would seem queer that water should be brought from Great Falls, sixteen miles, to this point to be filtered, with all its mud, necessitating the cleaning of the conduit as at present, to say nothing of the deposit of all this refuse at the city's door, instead of locating the filtration plant at some point at the falls, or along the route of the conduit.

PLEAS FOR DIVORCE.

Mismated Couples Appeal to Court for Separation.

By petition filed in the Supreme Court of the District of Columbia Elizabeth J. Porter seeks a divorce from Thomas Porter, who, at last accounts, she says, was residing at Manchester, England. Mrs. Porter accuses her husband of being a habitual drunkard and of treating her cruelly. The parties were married February 4, 1889, and, according to the petitioner, the defendant left her in May, 1898, saying, "Good-bye forever."

But for fear of a permanent injury to herself or her children, says Mrs. Ethel Nokes Anderson in a petition for divorce. she would not now make application for separation from her husband, Thomas De Witt Anderson. She accuses the latter of cruelty and infidelity.

A bill for support and maintenance has been filed by Lucille P. Clarke, who accuses her husband, Thomas H. R. Clarke, with infidelity, cruelty and failure to provide her with the necessaries of life. So excellent is the output of the famous Douglas shoe factory and so well are its merits advertised that it is not at all a surprising fact to learn that the capacity of the establishment at Brockton, Mass., is to be increased to 6,000 pairs of shoes per day, by the 1st of July. When the factory starts up that day on the enlarged plan the weekly pay roll, exclusive of office help, superintendent, foremen, etc., will be \$22 --000 per week. This, of course, does not represent the total pay roll, but merely the amount of money disbursed weekly to those actually engaged in making shoes. The Douglas salesmen on the road are said to be selling 25 per cent more goods than last season, and to take care of this increased business the erection of the addition is made necessary. PROPOSED MARKET BUILDING. District Inspector Receives Applica-

tion for a Permit. The Columbia Market Company has applied to the inspector of buildings. Mr. John B. Brady, for permission to erect a market building on lots 163, 164, 4 to 10, 54 and 55, square 235, fronting on 14th street between V and W. With the application and plans of the proposed building the company filed what it states is the written consent of the owners of more than one-

half of the property in the square in which

it proposes to build, and of the owners of

more than one-half of the property on the

confronting side of the opposite square.

"We inclose herewith," say the company officials, "a petition signed by about sevenfive business men in the immediate vicinity, who believe it will be much to their interest to have the proposed market established. You will probably recall the fact that on the 3d of December last we filed in your office the written consent of certain property owners in squares 203 and 235, and that shortly thereafter several of them entered protest, claiming that so much time had elapsed since they signed the paper that they had changed their minds in the matter. • Those who have given their consent in the present instance have all signed since the 19th ultimo, as will be seen by the date opposite each name on the list filed with the inspector of buildings. The property represented by those who signed in square No. 203 is 21,600 square feet of a total of 35,062 square feet, thus giving us a majority of 8,142 square feet. In square 235 the owners of 96.628 square feet have given their consent out of a total of 151.638 square feet, giving a majority of 55.010 square feet." matter will, it is understood, be re-
